**THE W. GARFIELD
WESTON FOUNDATION
FELLOWSHIP**

THE W. GARFIELD WESTON FELLOWSHIP

The W. Garfield Weston Foundation Fellowship program provides tuition and bursary incentives to help Skilled Trades students and apprentices train for and succeed in this growing labour market. Fellowship recipients are encouraged to go beyond a one-year certificate and earn a diploma or complete apprenticeship training, maximizing their career opportunities. Recipients of the Fellowship become industry ambassadors through mentorship and professional development activities.

THE W. GARFIELD WESTON FOUNDATION

About The W. Garfield Weston Foundation

The W. Garfield Weston Foundation is a private Canadian family foundation, established in the 1950s by Willard Garfield Weston and his wife, Reta. It has maintained a family tradition of supporting charitable organizations across Canada. Today the Foundation directs the majority of its funds to projects in the fields of neuroscience, land conservation, education and scientific research in Canada's North.

What is the deadline to apply for 2016?

The deadline for post-secondary program applications is August 22, 2016. For apprenticeship programs, the deadline is July 31, 2016. For future application consideration dates, please check online at loyalistcollege.com.

HOW TO APPLY

The application will be available on the Loyalist College website (loyalistcollege.com) or in person at the Loyalist College Awards Office, Room 2H3.

Selection Criteria:

- Demonstrated passion, desire and motivation to build a successful career in the Skilled Trades.
- Commitment to maintain a minimum 60% grade point average.
- Willingness to provide mentorship and outreach to other students considering, or who have entered, Skilled Trades programs.

Prospective applicants must be considering registration in one of the following programs:

Apprenticeships

- Process Operator, Food Manufacturing
- Automotive Service Technician

Post-Secondary Programs

- Electrical Engineering Techniques – Automation (one year)
- Electrical Engineering Technician – Automation (two years)
- Mechanical Techniques (one year)
