

27th Annual PLAR Conference

PLAR – Unleash the Potential!

Prior Learning Assessment and Recognition (PLAR) and Portfolio Development can help Teachers, Guidance Counselors, Employment Counselors and Social Workers in the following ways:

- It's a catalyst for self-reflection;
- A proven tool for self-esteem and confidence building;
- An opportunity to take credit for what one has done and can do;
- Effective benchmarking tool that can help the learner and/or client to see where they are versus where they would like to be in terms of their goals;

At the Conference you will receive an overview of PLAR processes and the PLA Portfolio for the specific group you are working with. You will be able to develop the tools that you will need to service your learners and/or clients, depending on your organizational needs.
