Bikes on Transit

All Belleville Transit buses are equipped with bike racks. Racks will support bikes with tires that are 16 inches to 29 inches large.

Disclaimer

Users of this map bear full responsibility for their own safety. This map has been developed to assist planning bicycle trips throughout Belleville. The suggested routes and connections have been identified in consultation with experienced Belleville cyclists. The designation of a road on the map as a bicycle route or trail does not necessarily guarantee one's safety. Cyclists must exercise the same caution they would use when riding on similar roads that have not been so designated. All routes should be evaluated by each individual cyclist based on their level of experience, comfort level in cycling along higher travelled routes, weather conditions, time of day, and any road obstacles, whether temporary or permanent. Loyalist College is not responsible for any unforeseeable offences committed by third parties, which may cause a hazard to cyclists.
