Dear Ms. Dickson:

As a recent graduate of the Protection, Security and Investigation diploma program at Loyalist College, I was excited to find the opening on the City of Edmonton's website for Transit Peace Officer. I have lived in Alberta in the past and am wishing to return to start a career.

As a student, I completed a 160 hour placement alongside the Ottawa Carleton Special Constables, securing the Ottawa Transit System. During this placement, I was taught report writing, public relations, de-escalation and officer safety techniques. My experience as a Security Guard for the last two years has provided essential skills which will be an asset to bring to a career with ETS. In addition to my work experience I have completed college courses relating to the Canadian Justice System, Sociology, Psychology and Conflict Management. Conflict Management also allowed me to gain a certificate for Nonviolent Crisis Intervention from the Crisis Prevention Institute.

My work experience, combined with my education has provided me with a well-rounded skill set that matches what you are seeking. I look forward to meeting with you to further discuss my qualifications. Thank you in advance for your time and consideration.

Sincerely,

*Christine Jacobson*
