I am currently completing the Television and New Media Production program at Loyalist College and am seeking a fulltime position with an established and well known company such as ABD Productions.

During my time at Loyalist I have worked with both Avid and Final Cut editing software and have learned how to use both HD and standard cameras in the studio, as well as in the field. Through placements and hands-on course work, I have contributed to various productions during my last year including a documentary-style corporate video as well as a martial arts movie trailer.

I completed two placements through my program, one with Whistlestop Productions and the other with Multicultural Television Station. These opportunities provided me a wide range of experience as one was an independent production facility and the other I worked in their studio facility. I am a hard worker, a quick learner and have worked in fast paced environments. I work well in a team and also excel in independent activities.

I would like the opportunity to speak with you to further discuss a potential internship opportunity with your organization. Thank you for your time and consideration. I look forward to hearing from you soon.

Sincerely,

Bridget Vigoro
