

CLINIC NURSE POSITION (RPN/RN)

ONTARIO ADDICTION TREATMENT CENTRES

About OATC:

The Ontario Addiction Treatment Centres (OATC) was founded in 1995 by concerned and compassionate Physicians. Their goal was to assist individuals who suffered from opioid dependence; providing high quality opioid agonist treatment and mental health in a safe, secure and non-bias environment. Today, OATC services over sixty communities throughout Ontario within urban, rural and remote areas, treating over ten thousand patients daily.

Please visit our website for more information - www.oatc.ca

About the Position:

The Clinic Nurse (RPN/RN) is a first line contact with clients who enter our clinics. Assessments and interaction is a key function, as you will be working with the patients, understanding their needs and issues, plus administering Methadone and Ancillary medications that are delegated to you by a licenced Physician.

Duties and skills required:

- Assessing patients to identify appropriate action for nursing interventions upon client visit.
- Dispense and administer accurately medications and treatments delegated by a licence Physician. (Some clinic locations have an on-site Pharmacy).
- Administer accurately intramuscular and subcutaneous injections as delegated by a licenced Physician, and related administering of ECG's.
- Prepare patients for and administer electrocardiograms as delegated by a licenced Physician.
- Detailed assessment skills with documentation and reporting of all symptoms and changes observed by a patient's condition.
- Conduct disease screening and delivering community immunization programs as needed.
- Produce and maintain appropriate records and reports as required by OATC policy and protocol, Provincial and Federal Regulations.
- Ensure compliance with OATC health and safety standards for the distribution and storage of controlled substances within the working environment.
- Provide supportive counselling for clients.
- Navigation to appropriate supportive services within the treatment team or in the community.
