

We seek outstanding individuals to join our dedicated faculty team creating brighter futures, greater prospects and endless possibilities. At Loyalist College our faculty members are committed to the principles and practices of a learning-centred teaching and learning community.

TITLE:	Professor	LOCATION:	Main Campus, Belleville, ON
CLASSIFICATION:	Full-time faculty	POSTING DATE:	December 11, 2020
DIVISION/ DEPARTMENT:	School of Applied Science, Skills and Technology	CLOSING DATE:	January 4, 2021
PROGRAM:	Biosciences	START DATE:	March 2021
		COMPETITION #:	ACA20-03N
STARTING SALARY RANGE:	\$66,555 - \$115,378 (<i>Academic salaries are determined by a calculation based on qualifications and years of related experience as detailed in the Collective Agreement for Academic Employees</i>)		

Professor, Biosciences:

Reporting to the Dean, School of Applied Sciences, Skills and Technology, the incumbent facilitates the delivery of a range of courses in the Biosciences program. The incumbent will incorporate a variety of teaching, learning and assessment strategies that are designed to meet the needs of learners.

Professor Responsibilities:

- Implements a range of delivery strategies, which complements the varied learning styles represented in a current college classroom and encourages a cooperative learning climate, incorporating evidence-based practice.
- Develops and implements course learning outcomes and assessment strategies, ensuring program goals are reflected.
- Defines, evaluates and validates learning outcomes for courses and programs, ensuring that students are aware of relevant learning outcomes, strategies, and assessment techniques
- Supports student progress in assigned courses through individual tutorial and academic counseling
- Engages in ongoing faculty development opportunities and effectively liaises with colleagues and other College and community partners to maintain a collaborative and relevant learning environment
- Contributes to program development by participating in the Provincial Program Review processes
- Assists in program awareness and program recruitment activities
- Assists with the creation and supervision of student field placements as assigned
- Incorporates appropriate technological tools that support the learning environment

Qualifications:

- Completion of an undergraduate degree in Science with a concentration in Biosciences; a related graduate degree would be preferred
- Minimum of five (5) years' practical experience related to Biosciences; demonstrated experience within professional lab settings is required.
- A commitment to excellence in educational delivery demonstrated through experience in a variety of teaching and learning environments would be preferred
- An ability to apply an understanding of diversity and inclusiveness to meet the needs of a diverse student population
- A demonstrated understanding of the principles of adult learning along with experience teaching adult learners and developing curriculum; previous teaching experience particularly in the college environment is an asset
- An ability to work within a collaborative environment demonstrated through a strong network of contacts with other professionals, agencies and employers
- Computer literacy and a willingness to learn and utilize learning tools (such as Blackboard) employed at the college to enhance student success

TO APPLY: Applications **must** be submitted **quoting the competition # ACA20-03N in the email subject line**. Please send a covering letter and a resume in MS Word (docx) or PDF format to:

Human Resources
E-mail: humanr@loyalistcollege.com

In accordance with the Collective Agreement for Academic Employees, first consideration will be given to applicants as defined in Article 27.11B.

In support of a diverse and inclusive college community, Loyalist College encourages applications from women, persons with disabilities, racial/visible minorities, and Indigenous peoples. In accordance with the Accessibility for Ontarians with Disabilities Act (AODA), Loyalist College is committed to accommodating applicants with disabilities throughout the hiring process. At any stage of the hiring process, Human Resources Services will work with applicants requesting accommodation.

Please note: Following an offer of employment, candidates with Canadian credentials will be required to provide official transcripts from the granting educational institution(s). Those candidates with international credentials must provide World Education Services (WES) www.wes.org/ca evaluation (at their own cost) confirming Canadian equivalency of their credentials.

We thank all applicants, however, only those selected for an interview will be contacted.
