## About Loyalist College

Loyalist College offers international students the ideal combination of academic excellence, extracurricular activities, program work placements and hands-on experience.

**Our diverse community includes international students from an ever-growing number of countries around the world. Located on more than 200 acres in the beautiful Bay of Quinte region and perfectly positioned between Toronto, Ottawa and Montreal, Loyalist College is a destination for students seeking an inclusive and accessible College. Our number one priority is supporting your success personally and professionally.**

## Why Study Outside of the Greater Toronto Area?

Loyalist College prides itself on the personal and friendly attention that our students receive. Due to the smaller size of the College, faculty and staff members get to know each and every student, monitor their success and provide supports as needed. Belleville is a friendly, small community that is easy to navigate, either by car, bicycle or public transit. The cost of living is considerably less than that of a bigger city. Students love living and learning in Belleville's caring, close-knit community where they have plenty of access to green space and waterfront trails. Our semi-rural campus provides an enriching Canadian student experience and is a great place to adapt to a new culture and strengthen English skills.

## International Centre

Our International Centre is here to provide support as you plan your travel to Canada and settle into your new home at Loyalist College.

To learn more about the **International Centre** and the assistance available to you, please email [international@loyalistcollege.com](mailto:international@loyalistcollege.com).

- **Academic Centre for Testing**
- **AccessAbility Services** for students with disabilities

# SMALL GIVES US THE POWER TO DO BIG THINGS

In a world obsessed with big, we are small. Small gives us the power to do big things.

And things that make a big difference to our students, community, and partners.

In an impersonal world of big lecture halls and stadium seating, we know our students by name and circumstance. Small frees us to provide personal one-on-one attention, in small classes and learning environments.

Small means our students feel like they matter. That they belong. That they are no longer invisible in a world which had passed them by.

Small means that we can move mountains to help every student succeed, confident in who they are and what they are capable of becoming.

We are Loyalist College of Applied Arts and Technology.

We are small.
